

Dumpster Day this Sat 6/11/22 8am-1pm

There will be two dumpsters at the half-circle lot toward the end of Rickswood Drive, on the left just before the school's playing fields, from **8:00 am to 1:00 pm** (or until the dumpsters are full). A member of the PWVWCA board will be there during this period to monitor the dumpsters and to collect dues (for 2021-2022 fiscal year) from those who would like to utilize this benefit.

Please read the following carefully about what is NOT allowed to go into the dumpsters:

Prohibited items include:

- explosive or flammable materials
- acids, caustics, pesticides, chemicals, antifreeze
- medical/radioactive waste
- liquids or liquid waste
- drums or tanks; animal carcasses
- large stumps; woods/logs greater than 8' in diameter and 6' in length
- asbestos materials
- vehicle or marine batteries
- oil, paint
- most large items that cannot be lifted manually.

The following items are considered recyclable and therefore should NOT be put in the dumpster for landfill disposal. These should be delivered to the dump separately for recycling:

- CPUs, Keyboards, printers, laptops, scanners, cables and cords,
- VCRs and DVD players, Telephones (including cell phones and answering machines), Stereos, Fax machines, Video display devices,
- Containers (glass, plastic, tin cans, aluminum), paper/cardboard

The following items should be brought to the landfill separately in your own vehicle or put out with street recycling in accordance with regulations:

- Brush/yard waste
- Asphalt/black top
- Concrete/rock

PLEASE be sure to comply with these regulations- otherwise the county can fine us and refuse to approve us for a dumpster in the future! Thanks!
